

REGISTRATION FORM
20th Czech-Polish Workshop on
RECENT GEODYNAMICS OF CENTRAL EUROPE
and the 2nd Symposium of the Committee on
Geodesy of the Polish Academy of Sciences
 Jakuszyce, Poland
 October 24 - 26, 2019

REGISTRATION FEE IN PLN (INCLUDING VAT):

	before Oct. 1 st	after Oct. 1 st
Participant	1000 PLN	1200 PLN
Students	650 PLN	750 PLN
Unemployed / pensioners	650 PLN	750 PLN

The fee includes attendance to the scientific programme, a field session, book abstract, refreshments during sessions, accommodation and food at the hotel from lunch October 24th till lunch October 26th

The fee payments must be transferred to the bank account which will be announced in the second circular. Please remember to add the bank charge in the payment.

EDITORIAL INSTRUCTIONS FOR ABSTRACT PREPARATION

- Paper size: A4
- Margins: left – 3 cm, top, right and bottom – 2,5 cm
- Title: bold capital letters, Times New Roman 14 (centered), leave one line empty
- Names of the authors: Times New Roman 12 (centered), underline the name of the presenting author and leave one line empty
- Text: 12 points Times New Roman, single space, justified left and right

Please use attached exemplary abstract file.

Abstracts should be written in English in MS Word. All texts submitted must be error free and in a camera-ready form. Abstracts must be kindly submitted by e-mail to the Organizing Committee **no later than September 15th, 2019.**

A lecture room will be equipped with a multimedia projector. Requests for additional equipment should be indicated as part of the submittal information of the abstract.

The First Circular of the
20th Czech-Polish Workshop on
RECENT GEODYNAMICS OF CENTRAL EUROPE
and the 2nd Symposium of the Committee on
Geodesy of the Polish Academy of Sciences
 Jakuszyce, Poland
 October 24 - 26, 2019

INVITATION

The Institute of Geodesy and Geoinformatics, Wrocław University of Environmental and Life Sciences in collaboration with the Institute of Rock Structure and Mechanics, the Czech Academy of Sciences, the Institute of Geodesy, Brno University of Technology, and under the auspices of the Committee for Geodesy of the Polish Academy of Sciences are pleased to extend an invitation to the 20th Czech-Polish Workshop on Recent Geodynamics of Central Europe and the 2nd Symposium of the Committee on Geodesy of the Polish Academy of Sciences that will be held in Jakuszyce, Poland, between October 24th - 26th, 2019.

You are hereby invited to make your contribution to this Workshop, which will be a unique chance to benefit from its scientific programme, to have a fruitful exchange of knowledge, to foster new friendships as well as uphold those already existing, and to explore the potential of further scientific collaboration.

For organizational reasons the Committee **has made 70 places available** at the Workshop. Payment plays the decisive role in securing a place.

VENUE AND DATE

The Workshop will be held in Jakuszyce between October 24th - 26th, 2019.

Jakuszyce is a settlement (the highest located district of Szklarska Poręba) situated just a few kilometres away, and just 800 m from the Polish-Czech border. Jakuszyce is located at an altitude of 850-886 m above sea level. The local climate is comparable to the climate at 1500 m above sea level in the Alps. The Kamienna river flows through Jakuszyce, an inflow river of the Bóbr. In Jakuszyce there is a favourable climate for winter sports and is the most well-known cross-country skiing centre in Poland. Jakuszyce also has the highest railway station in Poland located at Szklarska Poręba - Jakuszyce.

SCIENTIFIC PROGRAMME AND PRELIMINARY TIME SCHEDULE

The scientific programme of the 20th Workshop proceeds the topics of the nineteen previous Workshops organized from 1998. It is focused on topics concerning the recent dynamics of the Central Europe area with particular emphasis on the Sudetes and adjacent areas:

- Geodesy — GPS/GNSS observations, precise levelling, remote sensing, gravimetry, InSAR technique, deformation measurement techniques,
- Geology — neotectonics, neo-volcanology, geomorphology, brittle tectonics, structural geology, tectonophysics
- Geophysics — seismology, stress and strain fields, geomagnetism, geo-electricity, heat flow, gravity
- Geodynamics — crustal movements, Earth surface deformations, tectonic movements as well as Earth rotation, changes in the length of day, tidal movements, polar motion etc.

As part of the conference, a workshop session is planned to present the scientific potential of institutions interested in cooperation within the framework of the planned joint research projects on geodynamic research.

Thursday, October 24th

11:00 a.m. – 1:00 p.m. – registration

2:00 p.m. – 7:30 p.m. – opening ceremony, lectures

Friday, October 25th

8:30 a.m. – 1:00 p.m. – field session

2:00 p.m. – 7:00 p.m. – lectures

Saturday, October 26th

8:45 a.m. – 12:00 a.m. – lectures

12.00 a.m. – 1.00 p.m. – summary and closing ceremony

Accepted papers will be published in the international multidisciplinary journal 'Acta Geodynamica et Geomaterialia' (<http://www.irsm.cas.cz>).

The journal is included in the Science Citation Index Expanded and Journal Citation Reports (IF 2018=1.062), Science Edition and in the SCOPUS.

ACCOMMODATION

Accommodation for all participants of the Workshop will be arranged at the hotel Jakuszyce *** Sport & Spa Hotel. Single, double and triple bedrooms equipped with a bathroom are reserved. Parking is free of charge. Participants requesting to share a room with certain colleagues should kindly announce their names to the L.O.C.

OFFICIAL LANGUAGE

The official language of lectures and posters of the Workshop will be English. The abstract book and papers will also be published in English.

REGISTRATION

All participants and lecturers attending the Workshop must be registered. Registration is possible online, by mail or by e-mail until September 15th, 2019.
